CHOOSE YOUR PROFILE:

# Steel Log Siding

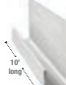

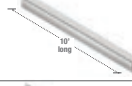

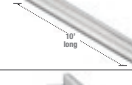

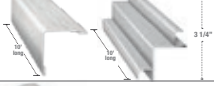

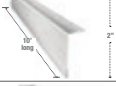

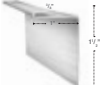

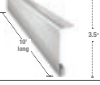

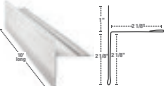

Western Cedar

**Standard**  
\$5.50  
per sq foot

**HD Wood Grain**  
\$6.50  
per sq foot

Item	Unit Price	Qty (pcs)	Color	Total
Steel Log Siding - Standard Color (# of Square Feet)	\$5.50/sq ft			
Steel Log Siding - HD Wood Grain Color (# of Square Feet)	\$6.50/sq ft			
<b>J-Channel (10' piece)</b> J-Channel is installed around doors and windows to accept the TruLog siding. When installing the log siding, the siding slides into the channel to hide the cut siding. 	\$12.00			
<b>Sill Trim (10' piece)</b> Undersill is used to hold your faux log siding in place underneath windows, because there will be a jagged edge because of the cut made to fit under the window. 	\$10.00			
<b>Starter Strip (10' piece)</b> The starting point for your whole installation - used to lock the first panel of our metal log home siding to your home. 	\$10.00			
<b>Corner Base &amp; Cap (10' piece)</b> Corner bases & caps are used to cover up the corners of your house and hide the cut metal siding. 	\$60.00			
<b>Round Log Corners (10' piece)</b> Corner bases & caps are used to cover up the corners of your house and hide the cut metal siding. 	\$100.00			
<b>Frieze Board Crown (10' piece)</b> One of the last siding accessories to install on your log home - Frieze board is used where the top metal siding panel meets your soffit. 	\$13.00			
<b>Crown Keeper (10' piece)</b> Crown keeper is used when you don't have a metal or vinyl soffit to snap our crown into. The keeper acts as the attachment point for the crown so you can snap it into the soffit to terminate the siding. 	\$13.00			
<b>Bold Window &amp; Door Trim (10' piece)</b> A great finishing piece for your home - it provides your windows and doors with a bold, trimmed out look like you would see with a 1x4 or 2x4. 	\$16.00			
<b>Inside Corner Cap (10' piece)</b> Finish piece for your inside corners. You butt 2 J-channel together then slide this piece in between those j-channels to give your inside corners a nice finished look. You slide the 1 inch leg in between the j-channel. 	\$30.00			
<b>J-Blocks: (Light, Utility)</b> 	\$16.00			
<b>Vents: (Dryer Vent, Exhaust Vent)</b> 	\$50.00			
<b>Rock Transition</b> 	\$16.00			
<b>Coil</b>	\$3.00/ft			
<b>TOTAL:</b>

# Steel Board & Batten Siding

Standard  
\$4.25  
per sq foot

HD Wood  
Grain  
\$5.25  
per sq foot

Item	Unit Price	Qty (pcs)	Color	Total
Board & Batten Siding - Standard Color (# of Square Feet)	\$4.25/sq ft			
Board & Batten Siding - HD Wood Grain Color (# of Square Feet)	\$5.25/sq ft			
J-Channel (10' piece) J-Channel is installed around doors and windows to accept the TruLog siding. When installing the board & batten siding, the siding slides into the channel to hide the cut siding.	\$12.00			
Sill Trim (10' piece) Sill is used to cover the cut edges of steel when you cut your panel down to fit around your doors and windows.	\$10.00			
Rat Stop/Starter (10' piece) The starting point for your installation – installed at the bottom of the wall just like other starter material, and prevents any rodents from getting behind the siding.	\$12.00			
Corner Base & Cap (10' piece) Corner bases & caps are used to cover up the corners of your house and hide the cut metal siding.	\$60.00			
Bold Band Board (10' piece) The band board is used to transition one section of the board and batten on top of another.	\$12.00			
Bold Window & Door Trim (10' piece) A great finishing piece for your home – it provides your windows and doors with a bold, trimmed out look like you would see with a 1x4 or 2x4.	\$16.00			
Inside Corner Cap (10' piece) Finish piece for your inside corners. You butt 2 J-channel together then slide this piece in between those j-channels to give your inside corners a nice finished look. You slide the 1 inch leg in between the j-channel.	\$30.00
